About Me

I am H.M.T.N. Jayawardana, an enthusiastic IT undergraduate currently pursuing a Higher Diploma in Software Engineering at ICBT Campus, offered in collaboration with Cardiff Metropolitan University, UK. I am passionate about technology and software development, with growing skills in programming, web development, and database management. I enjoy learning new technologies, solving complex problems, and working collaboratively to create efficient and user-friendly software solutions. My ambition is to build a successful career as a software engineer by continuously improving my technical knowledge, gaining practical experience, and contributing to innovative projects in the IT industry.

SKILLS

- web Development - HTML, CSS,javascript,Bootstrap,Node.js, Express.js,
- Databases -mongoDB, MySQL,firebase
- Programming - java, C++,C#, JavaScript, PHP,Dart,R
